- Rugged Design

****Owing to the weight of this item , there will be an additional R95 courier charge****

FEATURES

The Gizzu Portable Power Station offers power on the go in a compact design. This portable power station is ideal for emergency needs, power outages, camping trips, or whatever else electricity is needed as it allows you to power up small appliances. With three USB ports and a PD port, you can keep your phone, tablet, notebook, and camera charged.

Thanks to the 230V South African plug, two DC ports, and one 12V auxiliary power outlet, you can power your mini-fridge, internet router, lightbulbs, and other small electronics and appliances with ease. This rechargeable battery-powered model features a robust design, built-in LED flashlight, and has three methods of charging, including car charging, solar power charging, and traditional wall charging.

Get off the grid and enjoy the great outdoors while keeping your essential gear powered & charged. With four USB ports including one USB 3.0 Quick Charge port and a PD port, this household essential is ideal in the event of a power outage or load-shedding allowing you to power up devices such as your router, TV, notebook, and other small appliances.
